Freezing of Water Pipes

Freezing is most likely to occur in pipes which run along an outside wall. This hazard should be corrected by re-location of the pipes, if possible. If this is impractical, thorough insulation with from two and one-half to three inches of good pipe covering is the only safeguard. Should any of the piping freeze, the work of thawing it should not be entrusted to a handyman. It should be done under the supervision of an experienced master plumber. Blow torches or other methods involving open flames are extremely dangerous. They not only involve fire hazards but also permit the generation of high pressures which may cause explosions.

Gregorian Calendar

The form of our present calendar was set by Julius Caesar with some additional innovations by Augustus Caesar. However, in about 1500 years the length of year adopted by the Caesars proved incorrect. Therefore, Pope Gregory in 1582, appointed a commission which revised the calendar sufficiently to bring it back in step with the seasons. Now it takes 2909 years for the calendar to slip out of line one day. The Protestant countries did not accept the Gregorian calendar until 1752 and this is why certain dates in history sometimes appear to be confused.

Uncle Sam Says

Our freedom is in danger! Every American knows that and I know that every one of you wants to do his or her bit to help preserve that freedom. We can't all go into uniform or into a defense plant, but there IS one BIG way in which we can all help, every one of us. That is—the purchase of U. S. Savings Bonds. They are not only as valuable today as the day you buy them, they grow in value. And they will always be that way. Enroll for the Payroll Savings Plan where you work, or if self-employed, the Bond-A-Month Plan at your bank.

National Barrow Show Entries Total 2,560

F.F.A. Chapter Swine Judged Grand Champion

The national barrow show was held at Austin, Minn., September 12 to 16, with 2,560 hogs entered for 16 states and Canada.

The grand champions of the show were a Poland-China barrow from Oklahoma, owned by the boys of the F.F.A. Stillwater chapter, a pen of three Hampshire barrows from the Bi-Line farms at Sabina, Ohio, and Perryville, Ind., and a truckload

The Poland China named grand champion at the national barrow show at Austin, Minn., guided in the auction ring by William Felton, Oklahoma assistant supervisor of education.

of 15 Berkshire barrows owned by 14 orphan boys who live at the Oklahoma state orphans home at Pryor, Oklahoma.

In the carcass event of the show, 123 barrows were entered and the champion carcass came from a Hampshire barrow owned by the Bi-Line farms. It had the most yield of valuable cuts, and when every product was evaluated separately on today's market, it lead all the 123 carcasses in total selling price.

The national barrow show is leading the way in giving America a picture of the kind of swine which best meets the consumer's wants. The judges put the longish, meat-type hogs to the front.

Hobby Room Gives Added Pleasure to Farm Homes

A farm home can become even more livable with the addition of a hobby room. It can be a corner in the basement where a boy can store his wood-working tools with just enough space to put the tools to good use. Or it can be a finished room where the children can have their 4-H club meetings or a get-together of the gang.

Furnishings can be inexpensive by exercising ingenuity and imagination. Built-in furniture, such as book shelves, shelves for knick-knacks, cupboards, a wall seat with a hinged cover in which toys, games and odds and ends can be stored, can be economically made by the carpenter or by the gang of "future farmers" in one of their meetings.

Other ideas for hobby room furniture include a drop leaf table fastened to the wall, a sandwich bar where hot coffee and other refreshments can be dispensed, a bunk on which to stretch out and rest during the day.

Farm living can be pleasantly improved with the addition of a hobby room.

Star Farmer

Forest Davis, Jr., 21-year-old Florida farmer, was named winner of the nation's highest award of achievement by a farm youth, that of star farmer of America. Davis was presented a check for $1,000 from the Future Farmers of America foundation at the 33rd annual F. F. A. convention in Kansas City.

1949 Sugar Beet Crop Valued at $15 Million

Nearly 10,000 midwestern farms are splitting a million dollar melon from the final payment on the 1949 sugar beet crop. Checks for the balance due on the crop have gone out or will be mailed shortly, the agriculture department reports.

The total value of the crop in Michigan, Ohio, Indiana, Illinois and Wisconsin in 1949, including government payments, was about $15 million.

THE KICKOFF

(By Barbara Ann Johnson)

Here we go again with a little more of the happenings at Appomattox High.

A number of our teachers attended a meeting at Randolph-Henry High, Charlotte Court House, on Wednesday. We missed them a great deal and are glad to have them back with us now.

There will be "Una Fiesta," sponsored by the Spanish Club Friday night, February 23, in the school cafeteria. There will be fun and entertainment for all, including the initiation of the first year students; games and dancing. Come dressed in Spanish costumes for a prize is offered for the best dressed.

The Senior class held a meeting Tuesday to set up committees for class night and for Senior entertainment this year. The Seniors are looking forward to all these activities.

The Monogram Club also held a meeting Tuesday to discuss plans for a program of entertainment to be given at night at a later date. The community will be invited, as we are still trying to raise money to meet the cost of the sweaters given to the Seniors.

The S. C. A. officers have been meeting every Monday, making plans for improvements of the school and for future activities, such as parties, movies, etc.

Miss Bergman's eighth graders had charge of chapel program Wednesday. Mr. Calvin Robinson, editor of the Times-Virginian, talked to the students on, "The Two Eastern Shore Counties." The talk was enjoyed by all and we thank Mr. Robinson for speaking to us.

We hear there are some talented actors and actresses in the Senior class. Mrs. Gilbert had groups of her students to act out scenes from "Macbeth," and she said if anyone was looking for talent to come see her students in 12th grade English class.

That's about all this week, but remember, I welcome any news items you have.

Pamplin

Pamplin, Feb. 20.- Miss Ann Curzon-Howe, of London, England, was a recent visitor in the home of Mr. and Mrs. Stuart Farrar.

Week-end guests in the home of Mr. and Mrs. H. T. Terry were Mr. and Mrs. Joseph Terry and family, of Cumberland, and Mr. and Mrs. Pat Robinson and children, of Phenix.

Acree Southall, of Farmville visited his mother, Mrs. L. M. Southall last Thursday.

Mr. and Mrs. Harold Thornton and daughter, Betty Frances, of Roanoke were recent guests in the home of Misses Mattie and Wilsie Thornton.

Mr. and Mrs. J. J. Ligon, of Richmond were week-end guests of his parents, Mr. and Mrs. T. J. Ligon.

Miss Sarah N. Dickerson, of Longwood College, spent Sunday here.

Mr. and Mrs. Earl Wood, of Winchester were week-end guests of her mother, Mrs. H. F. Clark.

Miss Frances Mattox attended the marriage of a former classmate, Miss Jane Robinson, at Virginia Beach last Thursday.

HARRIS - CAWTHORNE

Mrs. Rachel Cawthorne announces the marriage of her daughter, Doris Elaine, to Raymond Lyle Harris, of Richmond, son of Mr. and Mrs. J. D. Harris, of Appomatox. The ceremony took place February 10, at the Evergreen Baptist Parsonage, with the Rev. Tearle Brown officiating.

The bride wore a taupe - garbardine suit and a shoulder corsage of yellow roses.

After a trip, the couple plans to make their home in Richmond.

MR. GEO. W. WOODWARD

George Washington Woodward, 71, died at Lynchburg General Hospital February 17, after an illness of five days.

Funeral services were held from Memorial Methodist Church Sunday at 2 P. M. Burial was in Johnson City, Tenn.

He is survived by his wife, one son, one daughter and two sisters.

DAIRY HERD IMPROVEMENT

Sixty-four dairy herd improvement associations now are operating in Virginia, a 167 per cent gain over ten years ago—and the cows on test are showing a consistent gain in milk production, says G'en R. Pursley, assistant dairy husbandman at V. P. I.

DHIA cows in Virginia have, since 1931, shown an 11 per cent gain in milk production, bringing the average to 8,174 pounds annually; and a 10 per cent gain in average butterfat production, bringing the average to 344 pounds.

In contrast, the average milk production of all cows in Virginia ranges in the neighborhood of 4,500 pounds. The DHIA cows, which represent only about 9 1-2 per cent of all cows in the state, produce 17 1-2 per cent of the milk.

There are, Pursley says, 45,600 cows in 1,067 herds enrolled in DHIA's; and DHIA demonstration herds are in 90 of Virginia's 100 counties.

Virginia ranks eighth among all states in the number of cows on DHIA test, and 10th in the number of herds.

Pursley says possible manpower shortages may curtail the DHIA program somewhat, but that there is "no immediate danger."

In 1950 the average value of each DHIA cow's production was $472—only $9.00 less than in 1949, and reflecting the upward trend in surplus milk production during the first six months of the year. Each DHIA cow consumed $182 worth of feed—returning $2.60 for each $1.00 worth of feed consumed.

Uncle Sam Says

"The best way of saving for a working man is the Payroll Savings Plan for the purchase of U. S. Savings Bonds." That is the story from thousands of employed persons who are today helping their country and themselves as well. It is also the opinion of a couple in Niagara Falls who made a down payment on a new home with Savings Bonds. They are now putting 10 per cent of their pay into Savings Bonds so that they can buy a bakery. You too can build your own future by signing up for the Payroll Savings Plan where you work, or if self-employed, the Bond-A-Month Plan at your bank.
